PURPOSE & USE

- Identifying purpose and use of technology helps guide you in making decisions about what applications will meet your NEEDS.

Ask ????

- WHO will use the device? teacher /student
- WHY do they need it? For what specific or broad purpose
- WHEN will ___ use the device?
specific subject/class, all day, transitions
- HOW will ___ use the device? apps, access
- WHO else needs to know device purpose & use?
(support staff)

Application of technology requires
TIME & SUPPORT!

TECHNICAL ASPECTS

iTunes & Apps Store

Download to your computer to sync with info on computer

<http://www.apple.com/itunes/download/>

School District iTunes Account

***Sync all devices to one computer**

iTunes keeps one backup(app data) created during the sync process for each device

*Update apps in itunes **then** sync devices*

***Sharing up to 5 computers**

(same library access from 5 different computers)

must go to “purchase” each app and if the app has already been purchased by the library account, you will be prompted to purchase and then it will indicate the app is already purchased and asks if you want to download
